

Jim E. Thompson
Aircraft Consulting
January 13, 2010, Jim E. worked with Rob in different groups

Rob is a seasoned and highly skilled aviation professional with background in both aircraft maintenance and operational needs. This experience in both airline and lease company requirements sets him apart from his peers. Rob approaches his work with a confident team building spirit that spreads to his co-workers and his customers, this is built around his problem solving ability and understanding of the requirements and needs of the aircraft, Airline industry and regulatory requirements. Rob has a long track record of exceptional project performance and maintains a long list of satisfied customers who have found his service a valuable source to assist in the growth of their business and reputations. Rob is and has been a stable in my peer group and is great sounding board and a source of valuable knowledge in my decision making process a person I can count on every time. support in my operational decisions processes
