

Patrick Trant

Aircraft Leasing and Aviation Finance from the Law Society of Ireland
January 29, 2020, Patrick worked with Rob but at different companies

I first had the pleasure of working with Rob in 2006 while he was representing ILFC and I was the rep for a UK based Airline, we worked great together on a challenging project and Rob was instrumental in guiding the project to a successful conclusion, I have Rob to thank for going easy on my as a rookie in my new role. Once again our paths crossed when Rob recommended me for a role in leasing, this new role required Rob and I to work together on multiple projects in many locations worldwide and yet again Rob guided me and provided superb professional advice from somebody that had clearly "seen-and-done-it-all" In my current role I've been fortunate to be in a position to be able to use Rob and his superb team at Jet Research and have always been impressed and delighted with the results, results which required Rob to take the initiative and complete the task with little or no guidance. I have no hesitation in recommending Rob and it is my pleasure to continue to work with Rob and his team into the future
