RE: Letter of Appreciation/Recommendation

Worldstar Aviation began working with Jet Research in 2010. Through the years we have engaged Jet Research to handle various projects for us including pre-buy inspections/reports, mid-lease inspections/reports, lease returns, repossessions, maintenance management. Jet Research also assisted with the buildup of our fleet database and provided a temporary CTO while we sought out a permanent replacement for that position.

Jet Research has been a trusted partner with our operations now for 10 years. At every opportunity Jet Research provided competent, reliable and knowledgeable personnel that handled our projects with professionalism. We still carry on a strong partnership with them today.

I would not hesitate to recommend their team for any lessor, airline or private owner. Please feel free to contact me if you wish to discuss any details regarding our experience with Jet Research's team.

Sincerely,

Garreth T. Slevin
Partner
